

# PINE LAKE COUNCIL PASS ESTIMATES

Board and Bridge Work Considered—Councilors' Rate of Pay Raised—Grant to Salvation Army—Deputations Heard—Approve Change of Boundaries of Divisions 4 and 5.

Council of the Municipal District of Pine Lake met in the Secretary's office on Monday afternoon, R. A. VanSlyke took his seat as Councilor for Division 4. All the Councilors were present, Rev. Fleke in the chair.

**SALVATION ARMY GRANT**  
Adjutant Bourne, of the Salvation Army, addressed the Council in regard to the rescue work of that organization, and pointed out that they were now asking Municipal Districts to make grants instead of canvassing the farmers for donations. The Act was amended at the last session of the legislature by putting the Districts to make grants to the Army. On motion of Councilor Code, a grant of \$100.00 was authorized.

**CORRESPONDENCE**  
St. Mary's Hospital, Trochu, wrote in regard to R. P. Garrison, Duburke who had received a letter at the hospital, suggesting payment of balance of \$60.00 due. Request referred back.  
L. W. Tetter, registered as pound-keeper for Div. 6, Accepted.  
W. J. Stephens, Commissioner for the Fields Crop Branch, Department of Agriculture, wrote in regard to endorsement of Northern Wood Act for 1922. Filed.

Benj. Lawton, Chief Fire Guardian, wrote in regard to a fire in the fire prevention. The Councilors will act as fire guardians for their respective districts.  
The Hudson's Bay Co. wrote that they declined to accept \$15 per acre for road diversion. They would accept \$17.00. The secretary will secure further information.  
G. W. Goldstrom, Hill End, declined compensation at \$20 per acre for a 1.25 acre diversion, and claimed \$100 for same. On motion of Councilor Code, the claim was disallowed.

**DEPUTATIONS**  
Harry Goodacre was appointed Pound-keeper for Division 1. The pound will be located on the Goodacre farm near the Clearview school. Bailly, registered as pound-keeper for road and suggested a diversion. Referred to Councilor VanSlyke.  
J. B. Bower, also a member of the Council in regard to work done on the roads in his neighborhood, and for which he claimed for a road allowance of Councilor Code, the full amount of the pay sheet was allowed and charged to Division 1 as a diversion in full of Mr. Bower's claim.  
Lytle Brown and G. H. Rodheiser appeared asking for a road allowance of 7.75, 18.25. They did not ask that any money be paid, but merely that it be registered as a road, in case the present trail should be closed. Councilor VanSlyke, for the Secretary, the Secretary was instructed to open negotiations with the owners of the land, O'Connor Bros., A. Purdie and the Archer Estate, with a view to opening the line as requested.

Wm. Pearson, asked for permission to fence off the road allowance between 14 and 15. T. W. Galbraith's and A. H. Russell's residence. The walk will be taken up on one side of the street.  
In regard to the Fair Grounds Hill, Councilor VanSlyke has given permission to have the necessary repairs made.  
The Secretary was authorized to secure a copy of the Consolidated Acts, brought up to date, at a cost of some \$7.00.

**LATE OF PAY RAISED.**  
Councilor Darragh, in pursuance of his notice of motion at last meeting, moved that the remuneration of Councilors be raised to \$100.00 per year, as last year, viz., \$40.00 per day and mileage at 10 cents, this to date from the beginning of the year. His claim that "on two days" attendance at Council he had 50 cents left for expenses.

Councilor Code opposed the motion on the grounds of inconsistency. He did not look well to rescind a motion that had been passed so recently.  
Councilor VanSlyke supported the motion. It was not fair to ask a man to lose money in serving the taxpayers. The members of the Legislature hadn't reduced their salaries, and he did not see that the Council were required to work for nothing.  
Council took the view that the provision made for the road allowance without due deliberation, and passed the motion to revert to the old rates as presented by Councilor Darragh.

A Statutory Declaration from George Lionel Blake, claiming certain exemptions on account of services was received and the request granted.  
A seed grain loan of \$14.00 to Geo. Jorgenson was approved.

**CHANGE OF BOUNDARIES**  
By unanimous vote of the Council, the Minister of the Interior will be petitioned to change the boundaries between Divisions 4 and 5, so that the north line of Div. 4, lying south of the Red Deer River, will be transferred to Div. 4. This is at the request of the ratepayers interested.

**TO OPEN TENDERS.**  
A committee, consisting of Reeve Fleke, Councilors Code and VanSlyke, and Secretary Jorgenson, was appointed to open the tenders for purchase of certain lands, in case it is not necessary to hold a meeting of the Council.

# GRASSHOPPERS ARE HATCHING NOW

The hoppers are hatching, but the mixing station in Red Deer is "ready to go" and no farmer need lose his crops from the ravages of the pest. Necessary corn can be secured for \$1.00 per 100 lbs. for the molasses formula, the cost to be paid to the Municipal District office in the fall.

Mr. Blaisdell reports that some damage from hoppers is reported already in the Red Lodge and Bend Bend Districts, west of Innisfail, mostly as the result of migration from the lands into the edges of the fields. A great deal of damage can be obtained by plowing and packing headlands right away.

South of Calgary the hatch is about a week earlier and considerable damage is reported, also at the foot of the hills. A few fields have been destroyed already.  
Mr. Blaisdell had a big meeting at Hillsdown last Saturday night, and will be pleased to address any U.P. farmers' meetings in the district.

**BASEBALL**  
The baseball opening, scheduled for Monday evening, was put out of business by the rain in the afternoon. It was postponed until the following week, but will be held on next Monday evening. Watch for bill.

**FOOTBALL**  
The Citizens' Cup has arrived in readiness for the big competition on July 1st. The Sheriff's Cup will be contested for by the Central Alberta Football League, on display for the Paton's victory on July 1st.

Alexandra Club dance, Friday, June 9.  
Don't forget the Horticultural Society tea next afternoon.

There's a grade of Imperial Polar to suit every automobile.  
Don't forget the Horticultural Society tea next afternoon.

Mayor Collison and Mrs. Collison left yesterday for the Coast, where they will spend a few days.  
Horse owners and engine men should be interested in the new breaking contract of W. J. Botterill's.

We are pleased to say that the Editor is improving in health, and is able to get down to the office again.  
Taniae is the people's medicine, and the people themselves have said so. See the advertisement in the paper.

When buying Imperial Polar, follow the Imperial Oil Chart, a grade to suit every car. Insist upon the right grade for your car.  
Our readers will be pleased to know that the Imperial Oil Chart, a grade to suit every car, is now in the hands of the public.

Patchett & Brookes are now in a position to give first class service all kinds of auto-electrical repairs, such as generators, starting motors, and all the latest improvements.

The news is that to know how to save the children from the "Save the Children" fund. A "Love of the Children" fund is being raised by the children of the province, and the children of the province are being asked to contribute.

# LOCAL NEWS

Miss Rosetta Warner, Edmonton, left for home on Monday after spending a couple of weeks' vacation with her friend, Miss Leola Smith, at her home here.

Mrs. and Mrs. F. W. Turnbull left on Sunday for Ottawa, where Mr. Turnbull will attend the annual convention of the Weekly News, papers Ass'n.  
The Methodist Ladies' Aid are having a sale of home cooking and a 10 cent tea, on Friday, June 8th, from 3 o'clock.

# AT THE REX THEATRE

Tonight and Thursday—Betty Compton in "The Speed Girl."  
Friday and Saturday—"Boogie and Boogie" and "The Four Horsemen of the Apocalypse," one of the truly great pictures of the day.

**SPRAY THE SPRUCE**  
Commissioner A. T. Stephenson has informed the News that the red spiders are infesting the spruce trees, threatening the destruction of the city's Christmas trees. Citizens should take steps at once to eradicate this pest, or they will destroy the trees altogether.

Mr. Stephenson says that proper spraying with cold water will destroy the red spider, and that the spiders effectively. Where proper pressure is not available, it is advisable to add some salt to the water.

**BIG REAL ESTATE DEAL COMPLETED**  
Perhaps the biggest transfer of Red Deer property that has been made for many years has just been completed. W. L. B. L. has sold the Rex theatre property on Ross St. to N. White for a good round figure.

Mr. Brewerton, the lessee of the building and manager of the Rex theatre, will remain in possession. The public will be glad to know that this will not interfere with Mr. Brewerton's tenancy, and will continue to operate the theatre.

Mr. White deserves credit for starting something. Indications are that Red Deer will see considerable movement during the next few months.  
**GUN CLUB**

The following records were made at the trap on Thursday evening last by the members of the Red Deer Gun Club (25 birds in each case):  
B. Lancaster 24-23  
C. Sinclair 22-23  
D. Wilson 22-23  
E. Brown 21-23  
G. Ely 20-23  
H. Rivers 19-23  
I. Carson 18-23  
J. R. Corbett 18-23  
K. Bailey 18-23  
L. MacKenzie 13-23  
D. Dick 12-23

**SPRINGVALE NOTES**  
Mr. and Mrs. L. M. Gies and family, of Calgary, motored up and spent the day at Springvale, where Mr. Gies and Mrs. Gies and their family are visiting.

Watch for further announcement of U.F.A. Sunday, June 10th.  
The U.F.A. will hold a garden party in the school grounds on the evening of June 10th. There will be a large number of refreshments, and a programme of other amusements.

**CLEARVIEW**  
This is Sunny Alberta, but a few smiles from Jupiter Pluvius would be gladly received, as the grain is much in need of rain.  
A pound is being arranged in this district to take care of some of the wanderers.

The government inspection of milk cows is putting the dairymen here to considerable expense. Messrs. Comfort, Thibault and Goodacre are having their herds tested.  
Several of the sports from here attended the Penhold U.F.A. picnic at Horn Hill and report an excellent time, but not one of them was free, which is unusual for these times.

Don't forget the Women's Institute picnic, which is to be held on the Clearview school grounds on Wednesday afternoon, June 14th. All sports will be held for the children, and the Clearview school boys are lining up against the Horn Hill school boys in a game of baseball.

# DEFECTIVE VISION, ADENOID, TONSILS, TEETH PREVAIL

Public Health Nurse Gives Illuminating Report on Red Schoolchildren's Salaries Discussed—Fees for Non-Resident Pupils in High School.

Red Deer Public Schools will close for summer vacation on Wednesday, June 28th, and re-open on Tuesday, Sept. 5th, for the fall term. The High School and Grade VIII will close for examinations on June 20th.

**PRINCIPAL'S REPORT**  
All 19 rooms were open for the 22 teaching days. The average attendance for the month was 534.4, and the percentage was 93.29. Mr. Holt's room had the best record for attendance, with 100 per cent.

The question of accommodation for the High School classes next year is a problem of considerable importance. The question of accommodation for the High School classes next year is a problem of considerable importance.

**HEALTH INSPECTION.**  
Miss W. J. Stephens, Public Health Nurse, reported on the inspection of the Red Deer Schools. The health of the children is good; the washing facilities, not good; lighting, cleaning, etc., need improvement.

The question of accommodation for the High School classes next year is a problem of considerable importance. The question of accommodation for the High School classes next year is a problem of considerable importance.

**ACCOUNTS**  
The following accounts were passed: J. F. Patterson, \$34.75; McPherson Bros., \$43.77; Red Deer Text and Stationery, \$45.25; B. L. H. Co., \$1.00; J. F. Patterson, \$34.75; McPherson Bros., \$43.77; Red Deer Text and Stationery, \$45.25; B. L. H. Co., \$1.00.

**TEACHERS' SALARIES**  
The Board agreed that \$1400 should be regarded as the absolute maximum for public school teachers next year, and that new teachers coming on the staff should receive \$1400 unless in exceptional circumstances. Salaries are to be graded according to length of service and experience mainly, primary teachers to receive \$1400, and secondary teachers to receive \$1500.

**NON-RESIDENT FEES.**  
Mr. Payne moved that fees be charged to non-resident pupils attending the High School. He didn't get a great deal of faith in the Act, and he didn't get a great deal of faith in the Act, and he didn't get a great deal of faith in the Act.

**THE WEATHER.**  
Practically all an inch of rain fell on Monday and Tuesday, which will be of inestimable value to the grain crops. The rainfall for the month of May was 1.44 inches, or nearly an inch and a half. The thermometer was in the 60's and 70's, and the wind was from the west and dropped to 34 Monday night.

**FISHING PERMITS FOR SALE AT McPHERSON BROS.**  
Fishing permits for sale at McPherson Bros.

# WEDDING BELLS

Cupid is not dead. The poet's song about the spring of the year applies to the wedding bells as well as the past. The wedding bells are ringing, they have rung, and they will continue to ring as long as we have love.

Another of Red Deer's popular young ladies has sprung a surprise on her friends. Miss Mariel Atkinson, daughter of Mrs. J. Proctor, became the happy bride of J. G. W. Jones, of Calgary, on Wednesday, May 24th. The ceremony was performed in Wesley Methodist church, Calgary, by Rev. J. H. Knight, at 11 a.m.

The secret has been carefully guarded till three or four days ago, when the happy young couple came to spend the week end at the bride's home here. Mrs. Jones will remain in Red Deer for a few days before returning to Calgary, where they will reside. Her many friends are congratulating her on her new life.

**PENHOLD NOTES**  
Miss Marion Shields and Chas. Griffith, assistant station agent at Innisfail, were married at Red Deer on Saturday evening, June 3rd, by Rev. W. G. Brown. Mr. and Mrs. Jesse Bourne are attending a religious convention at Lacombe.

Miss McKinley is at home again after being about three months in the hospital at Red Deer. Her leg has healed well, but she cannot walk yet.

Mrs. R. Letthead, who is living at the Coast, is visiting her sons at Horn Hill.

Mrs. Verne McDougall, who is living at the Coast, is visiting her sons at Horn Hill.

Mrs. Verne McDougall, who is living at the Coast, is visiting her sons at Horn Hill.

Mrs. Verne McDougall, who is living at the Coast, is visiting her sons at Horn Hill.

Mrs. Verne McDougall, who is living at the Coast, is visiting her sons at Horn Hill.

# RAIN HAS CHECKED FOREST FIRES

A. H. George, manager of the Phoenix Lumber Co., near Rocky Mountain House, returned to the city yesterday. The company lost one of their limits almost entirely. He described the fire as a wall of fire 50 feet high and a mile wide, that advanced at the rate of 10 miles in 2 hours, sweeping everything before it.

Mr. George says it was the worst he has seen since the big Minnesota fire of several years ago. The rain and snow has checked its progress, and it may be possible to control it now.

Rocky Mountain House, Alta. June 5.—Forest fires, raging in all directions from here, have burned the homes and barns of about a dozen on homesteads and have more seriously threatened the Daniel McDougall lumber mill. The mill was nearly trapped by the flames and had to escape by following the shore of the Saskatchewan river.

Fourteen employees of the Phoenix Lumber company, while engaged in fighting a fire near that company's limits, had miraculous escapes. They were surrounded by a wall of fire, and were in a desperate struggle to escape. They were rescued by a party of burning men, and were rescued by a party of burning men.

**78th BATTERY CANADIAN FIELD ARTILLERY.**  
Battery Orders by Major R. C. Lister, M.C., M.M., week ending June 10th, 1922.

Mounted Drill there will be a parade of mounted personnel, for drill, on Saturday evening, June 10th, at 7 o'clock, at the drill hall. The following personnel are required to be present on this parade:

Captain, Lieutenants, Sgt. Bgt. Major, Sergeant, Signaller, Signaller (3), Nos. 1 (4), horse-holders (3), B. S. assistant, G.D.S. assistant, etc.

**BIRTHS.**  
At Mrs. Wright's Nursing Home, April 8th, to Mr. and Mrs. B. W. Bennett, a daughter.

At Mrs. Wright's Nursing Home, April 8th, to Mr. and Mrs. B. W. Bennett, a daughter.

**MARRIAGE**  
At the Manse, Red Deer, on Saturday, June 3rd, by the Rev. W. G. Brown, Miss Marian Elizabeth Griffith, of this city, to Mr. William Charles Griffith, Innisfail.

**DEATHS.**  
CREELMAN—Died, at her home, on May 1, 1922, Sadie Violet Creelman, aged 35 years, beloved wife of Mr. J. R. Creelman, of Pine Hill district. The funeral service, conducted by the Rev. Mr. Herlihy, was held at the Ridgewood church, Friday afternoon, at 2 o'clock, after which the body was taken to the Red Deer Burial Park, where interment took place. The Jacques-Orme Funeral Home, Directors of Funeral Service.

JOHNSTON—At Delburne, on June 3rd, 1922, Hannah Johnston, aged 80 years, of Delburne, Alta. The funeral service, conducted by the Rev. Mr. Herlihy, was held on Sunday afternoon at 2 o'clock, after which the body was taken to the Red Deer Burial Park, where interment took place. The Jacques-Orme Funeral Home, Directors of Funeral Service.

## ROGERS LEAVES

HIS OLD HOME  
FOR THE EAST

"Hon. Bob" May Be Seeking New Political Field in Toronto.

Winnipeg, May 31.—Seeking, some say, political re-establishment, and others say, the old Hon. Bob Rogers, who left his old home for the east early this week. To many of his friends he is not only a politician, but a man who fought his battles for him he did not even say good-bye, for none but the friends who knew he had come to seek a political future in a climate more kind than Manitoba.

Packing up his freight in a box car and departing with a portion of the world's press, Hon. "Bob" left to be among the wise men of the east early this week. To many of his friends he is not only a politician, but a man who fought his battles for him he did not even say good-bye, for none but the friends who knew he had come to seek a political future in a climate more kind than Manitoba.

Reports are that he will return to Winnipeg for a short time Monday to see his office here. Some who could not believe he had left his old stamping ground, said the Hon. Rogers had merely been to the kitchen stove and other utensils sent to furnish his summer home at Kenora, but that was fully furnished, some say ago.

SUNDAY SALES OF  
MILK NOT TO BE  
INTERFERED WITH

Attorney-General Brownlee Expects This Article from Lord's Day Act Rules.

Milk will be continued to be allowed to be sold on Sunday without having to be sold on Sunday. The Attorney-General, Mr. Brownlee, expects this article from Lord's Day Act Rules.

The gist of the situation now is as follows: Confectionery and ice cream stores may continue to sell ice cream and soft drinks for consumption on the premises on Sunday, but may not sell it to carry away.

Restaurants and confectionery stores holding restaurant licenses may sell food, ice cream, soft drinks, candies, fruit, etc., where this class of edibles is to be consumed on the premises, but it is a violation of the act to sell any of these articles to be carried away.

This, of course, applies to groceries and canned goods. Confectionery stores, drug stores, etc., not having restaurant licenses cannot sell candies or fruit on Sunday as obviously such sales would be for the carrying away of the articles and not for their consumption on the premises.

Only the larger ice cream and confectionery stores hold restaurant licenses, so that the majority of the small stores, of necessity, must confine their Sunday sales to ice cream and soft drinks.

In Attorney-General Brownlee's letter to the mayor of Calgary, concerning these arrangements, the attorney-general remarks: "After my interview with you, a reporter from one of the newspapers asked me and raised the question of selling milk. This had not been previously considered by me, but I have thought that in the summer time, at least, it should be put on the same basis as ice cream, as I know from personal experience, the difficulty of keeping milk over Sunday. With this further exception, I will be prepared to grant flats at the request of the police."

SPLENDID TYPE OF  
SETTLERS ARRIVE AT  
LLOYDMINSTER

Advance Guard of the Ex-Members of R.I.C. on the Western Prairies.

Lloydminster, June 1.—The advance party of the ex-members of the Royal Irish Constabulary, consisting of 30, arrived here last night, having sailed on the Montclair. These parties are inspecting the lands here for the others of the force who are to follow. They are accompanied by Mr. Roberts, of the London office of the C.P.R. Twelve hundred members of the constabulary are preparing to come to Canada at once.

E. S. Williams, of the Department of Natural Resources at Calgary, arrived here today, and has made full arrangements to assist them to select their land.

The Lloydminster residents are greatly pleased to know that such a fine type of settlers have decided to locate in this district.

GRAIN BUYERS  
HAVE EVIDENCE  
WITH A SHOCK

Saskatoon, June 1.—W. H. Morrison, organizer of the Order of Grain Buyers, has mailed copies of a letter and affidavit to the board of grain commissioners at Port William. The affidavit was originally prepared for submission to the Royal Grain Inquiry Board, appointed by the British government. On the day that the officials of the Order of Grain Buyers were to appear before the inquiry board at Moose Jaw, the injunction restraining the board from further sittings was granted in Winnipeg.

"We want an inquiry," declared Mr. Morrison. "We have evidence that will shock the farmers of Western Canada when it comes to their knowledge. If we can get an inquiry under way for 20 minutes, it will never be stopped until the whole grain trade mass has been turned inside out."

ROYAL YEAST  
CAKES  
RICH IN  
VITAMINES

MADE IN CANADA

The importance of Vitamins in food is being recognized at the present time to a greater extent than ever before. It has been conclusively demonstrated that yeast is rich in this important element. Many people have received great benefit physically simply by taking one, two or three Royal Yeast Cakes a day. Send name and address for free copy "Royal Yeast Cakes for Better Health."

E. W. GILLET COMPANY LIMITED  
WINNIPEG, TORONTO, CANADA, MONTREAL

## WEEKLY NEWS BULLETIN

Issued by Publicity Commissioner, Government Buildings, Edmonton. Premier Greenfield, accompanied by Alfred Chard, freight traffic supervisor for the province, will leave for Ottawa to give evidence before the Commons committee considering the Crow's Nest Pass agreement.

Howard W. Tye, for nearly twenty years construction engineer with the Canadian Pacific Railway, has been appointed Superintendent of the Provincial Government's railway. The new Province of Saskatchewan is to be divided into two regions, one to be administered by H. G. Dimsdale, who has been appointed Highway Commissioner for the province.

From September 1, 1921, to May 29, 1922, a total of 6,400,000 bushels of wheat had been shipped out of the Leithbridge and Port Arthur, C.P.R., which includes the territory from Okotoks south to the boundary and east to Dunmore Junction near Medicine Hat.

Contract has been awarded to W. M. Dutton of 15 miles of extension to the Lacombe and Norweston railway. The extension will run from the present end of steel near Timbony to the south border of township 46.

The annual convention of Women's Institutes of Alberta will be held this year in Calgary from June 13 to 17, the session being held at the ballroom of the Palliser Hotel. A most comprehensive programme has been arranged and it is expected that the convention will be a very large one.

With six votes to spare over the necessary two-thirds majority, residents of the new Grand Prairie Municipal Hospital District carried the hospital scheme which has been in process of preparation for some time. For the first time in the history of the province, a vote was held in this district to establish the location for the hospital, and the town of Grande Prairie won out over the village of Clairmont, and the hamlet of Secor.

The new Hospital District is the largest in the province, including 72 townships. The Grande Prairie Hospital District makes the thirteenth now established in the province. It is anticipated that five other districts will vote on a hospital scheme this year.

Fee for censorship of motion picture films by the Provincial Government has been raised from \$1 a reel to \$2 a reel. It had been proposed at first to make the fee \$3 a reel, but on representations being offered by the motion picture theatre men of the province to Premier Greenfield it was agreed to make the fee \$2.

Construction of the Holden drainage scheme is practically completed, and inspection of the system has been made by L. C. Charlesworth, irrigation and drainage commissioner for the province. The Holden system reclaims 13,000 acres of land, of which a good portion is already under cultivation. The dayland drainage system which will reclaim 15,000 acres of land is now under construction.

A delegation has presented a request to Hon. R. G. Reid, Minister of Health, that some plan be adopted to make use of unused agricultural school buildings as detention homes for juvenile delinquents in the province. The delegation stated that the need of such homes was very great in the province.

According to an estimate prepared by the crop statistician of the agricultural department, there is very little increase in acreage in wheat in the province this year, but a considerable increase in acreage in oats. Returns have not yet been completed.

Crop Statistics  
In co-operation with the Dominion Bureau of Statistics the crop statistics branch of the agricultural department has circulated among farmers of the province schedules for the collection of statistics regarding acreage in crop and livestock sold since June, 1921, and that now on hand. Farmers are urged to fill in these schedules as soon as possible and return them to the office of the Publicity Commissioner, Government Buildings, Edmonton.

The Grasshoppers  
While grasshoppers are now hatching out in millions in Southern Alberta, the Department of Agriculture urges upon the officials of municipalities and the farmers the necessity of economical use of poison bait, and warns against molesting being stamped into ordering supplies by the wholesale, and permitting their use indiscriminately. Not only does indiscriminate use of poison material result in waste of supplies that are for way for 20 minutes, it will never be stopped until the whole grain trade mass has been turned inside out.

by the various districts for the ingredients of bait have far exceeded the expectations of the Department of Agriculture, which had purchased earlier in the spring all of the available quantities of bait for the coming year. It may be impossible to fill repeat orders from distances in which the present supplies have not been used with the utmost care.

The greatest economy in the use of the bait will be effected in districts in which the breeding grounds are located as soon as the grasshoppers hatch, in order that the latter may be poisoned while they are still confined to comparatively small areas.

Some idea of the good effects of an organized campaign against the grasshoppers is given by reports which come from Manitoba and Saskatchewan. In places in these provinces where, just last year there was a combined effort to poison the hoppers very few indications of eggs have been seen, this year. This is a note of encouragement for the farmers in Alberta.

Reports have been received at Edmonton to the effect that a large number of one of the more harmful species of grasshoppers have already been hatched. Specimens that have been seen were those of the Two Striped grasshopper, and they are very abundant together with the eggs of the Lesser Migratory grasshopper. In stable land, particularly in the more sandy portions of the province, we would strongly caution all farmers who stubble in late fall to watch these fields very carefully from now on.

Community Organization  
Community organization is the most efficient and the most reasonable method of fighting any pest. It is community organization that enables armies to make progress and as long as the organization holds together success is assured. In the case of the organization against the grasshopper, success cannot be accomplished at any expense of money. Any fight carried on by individuals acting as such is bound to cause a lot of wasted effort and misapplied energy that can be avoided by the community organization.

When the farmers as a community decide to organize they should make plans to include every farmer and land-owner in the district. One man who holds out in the community may be enough to upset the work of all the rest unless some drastic measures are taken. The present pest act provides for such measures and the elected representatives of the community should make every effort to see that they are enforced. The actions of the leaders should be backed by every member of the organization as long as such actions are reasonable. The community organization should not be confined to the farmers, but must include the business men in the towns and cities.

The effects of the drought are being felt by the business men and yet how many of them realize that if the grasshoppers were to remain unmolested

this season that there would be no crop in the infested areas this year.

Where strong community organization has been made in grasshopper campaigns the results have been exceedingly satisfactory. In most instances the grasshoppers have been practically eradicated from the district in one season and often with one treatment, though there have been cases where two applications of poison bait have been necessary.

DEPARTMENTAL  
EXAMINATIONS  
START JUNE 21

Departmental examinations will commence in Calgary this year on Wednesday, June 21, and will continue until Friday, June 30, according to the official timetable. Grades XI and XII will write every day from June 21 to 30 inclusive. Grade X will not begin until June 22, and Grade IX will commence on June 26, both grades writing until and including June 30. Grade IX students who will be required to write by reason of their inability to come to school for the first time, and those qualifying for promotion, will be required to write on their history on Thursday morning, June 23.

NEW CHECK TAX  
PROTESTED BY  
BUSINESS MEN

Edmonton Business Men Claim Stamp Charge Will Work Unfair Hardship.

A special committee has been appointed by the Edmonton board of trade to draw up a resolution to be sent to Ottawa protesting against the enforcement of the stamp tax on cheques. Considerable data has been gathered by the committee, and the figures show that in no way can such a tax be fairly applied.

If the tax is applied some firms who have a large turnover will be unduly penalized, while others who have less turnover and larger margins will only pay a portion of this amount. One firm alone in Edmonton based upon the turnover for the past seven months would have to pay at least \$500 in stamp taxes for this period.

It has been concluded that there is no way in which the tax can be absorbed or passed along to the consumer, and with the narrow margins that most firms are doing business it will be impossible for many to continue.

WHEAT BOARD PARTICIPATION  
CERTIFICATES OUTSTANDING  
AMOUNT TO NEARLY \$210,000

Ottawa, June 1.—There are yet nearly \$210,000 worth of wheat board participation certificates outstanding, according to a return tabled in the house of commons yesterday by Hon. J. A. Robb, minister of trade and commerce. In answer to a question asked by C. C. Davies, Progressive member for North Battleford. A total of \$550,000 was turned over to the federal government by the Canada wheat board from surplus account, Mr. Davies was informed, and also \$175,000 from participation certificates. The total value of outstanding participation certificates on May 22, 1922, was \$209,526.

## SCHEDULE OF GAMES

June 9—K.P.'s vs. Mercantile.  
June 13—Mercantile vs. High School.  
June 16—High School vs. Mercantile.  
June 20—K.P.'s vs. High School.  
June 23—Mercantile vs. K.P.'s.  
The first mentioned team in each case is the home team, and will be responsible for supplying the ball and the umpire. The home team will also take up the collection. Be liberal; the boys will need some money to carry on.

## When You Go Away

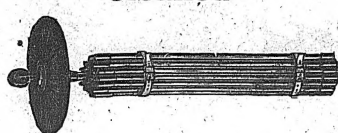

When you go away in the holiday season, don't invite serious loss by leaving important papers, silver and other valuables in the house. And don't burden friends with the responsibility of housing them.

Rent a Safety Deposit Box at a branch of this bank. The charge is trifling and the security is absolute.

## The Cost of Living

ADVERTISING turns over stocks rapidly, and therefore multiplies profits. This means that prices in a shop which advertises can be short rather than long.

Of this you may be sure: Prices in a shop which advertises are not MORE than in a shop which does not advertise. The chances are that they are often times lower.

This, also, is generally true: You will find better goods, better values and better service in those shops which turn over their stocks rapidly. This means, as a general thing, shops which advertise.

### A NOTE TO MERCHANTS

Advertising costs you nothing—it is paid for by the profits on increased sales.

Advertising is easy—it is simply saying in writing what you say to the customers in your shop. Turn over stocks quickly, if you would make more money.

Shop Where You are Invited to Shop

## WEEKLY NEWS BULLETIN

Issued by Publicity Commissioner, Government Buildings, Edmonton. Arrangements have been completed for the survey which is to be conducted by Dr. Wyatt under the auspices of the Department of Agriculture. Dr. Wyatt will have two parties in the field during the summer, and hopes to make a map of this fall. He will cover a strip of territory 30 miles wide from Nanton east to Medicine Hat, and will do some work in the Cavendish district.

Following the successful vote on the municipal hospital district scheme in the Grande Prairie district, plans are being made for a twenty-bed hospital. The debenture issue of the district will be \$30,000. The district includes 72 townships.

**RELIEF WORK**  
Though many requests are still being received by the Agricultural Department from southern areas for continuance of relief in the way of food and other things, the Department is unable to carry on its work after June 1st, since the legislature at the last session gave power to issue relief only until that date. While the government is sympathetic in this matter, it has no power to do further. Requests recently have come in asking that the government aid farmers in securing new plow shares, and such like, but the government has no power to issue relief in this regard.

**IMMIGRATION**  
Figures from Ottawa show that 16,774 immigrants entered Canada, since the first of the year, and that 4019 of these were U.S. citizens from British Columbia and 4237 from other countries.

**LIQUOR ACT COMMISSIONER**  
Appointment was announced last week by Attorney-General Brownlee, of E. S. Bishop to commissioner under the liquor act. Mr. Bishop has taken office at once, and will have his headquarters in Edmonton. Mr. Bishop will have charge of license work, and will act, in connection with returns by doctors and druggists, and will deal with all complaints received by the department. He will, however, have nothing to do with the policing under the act, which has been put in charge of Sgt. Nicholson.

Sale of savings certificates will be held by the Provincial Treasury Department has been brisk this year. During the first four months of the year certificates totalling \$1,302,198, a greater amount than was realized in the whole of the year 1918. In keeping with the decline of interest rates on the money markets it is announced that the interest rate on savings certificates will be 4 1/2 percent, instead of 5 percent, from July 1st.

Special permits to teachers will expire in June. There are about 200 permit teachers now at work in the province. These permits will not be renewed unless necessary to keep schools going. Indications are that the surplus of teachers in the province is rapidly being absorbed.

Dr. W. C. Ledlaw, Provincial Deputy Minister of Health, is attending the annual meeting of the Canadian Public Health Congress at St. John, N.B. Health experts from all over Canada are in attendance.

The six new public health nurses, who were announced some time ago, were being added to the staff of public health nurses in the Department of Public Health, and are sent out to their various districts, after having undergone a special course of training.

Two new land companies have been incorporated under provincial law during the past week or two, these being The Southern Irrigation Farm Lands Ltd., of Calgary, and the Cluny Farming Co., The Ponoka Creamery has also been incorporated with a capital of \$10,000.

A new government debenture issue will be put on the market early in July. It will be for \$3,500,000, thirty years at 5 percent. Of the total amount \$1,500,000 will be for the redemption of a 1912 ten-year issue, and the balance will be used for the general account purposes of the government, including the public works program for the summer.

**HALL BOARD STATEMENT**  
The municipal hall board at Calgary has issued an official statement, affecting recent press reports concerning its financial standing. The statement is as follows:  
The newspaper reports of the last annual meeting of the Hall Insurance District, held in Calgary in March last, gave a very incorrect impression of the financial condition of the Hall Insurance District. One report was to the effect that the Board would have to reduce its liabilities before it could resume business. Another stated that the deficit on last year's operations was \$1,000,000. Both these statements are entirely incorrect and very misleading.

The ability to "resume business" was never thought of, much less discussed, for the very excellent reason that business has not been suspended, nor is there any necessity or intention of suspending it. The damage by hail in 1921 was almost double the average of the last nine years and 50 percent greater than the previous high record made in 1916. In spite of the record breaking amount of losses the Municipal Hall Insurance plan functioned without a hitch and is here to stay.

The actual deficit for last year was \$274,234. This deficit was paid for out of the surplus of the two previous years and will have no effect on the rate to be levied this year. This year's rate will depend on the amount of losses for this year, and on that alone.

**WOMEN'S INSTITUTE CONVENTION**  
Important subjects at the annual convention of the Alberta Women's Institutes, and the Girls' Clubs, which is to be held in the Palliser Hotel, Calgary, June 13 to 17, inclusive, Miss Isabel Noble, of Dayland, President, will have charge of the convention. The convention is expected to be one of the most interesting yet held.

Prior to the opening of the convention a conference of the provincial executive of the women's institutes,

and the convenors of standing committees, and constituency convenors will be held Monday evening, June 12, at 8 o'clock, in the Palliser Hotel.

The convention will open Tuesday morning, June 13, in the ballroom of the Palliser, and the first business will be the appointment of committees. Mrs. A. H. Rogers, Secretary, will submit her report. At this session a discussion on the present status of the women's institutes will be inaugurated by Hon. Geo. Hoodley, Minister of Agriculture, who will give an address on the subject, which is to be followed by discussion. The report of the education and health schools committees will be given at this session by Mrs. F. W. Hughes, Cavendish. There will be an assembly singing during the morning.

At the afternoon session reports of District Nos. 1 and 2 will be given by Mrs. James Boyd and Mrs. Gates respectively. The report of child welfare and public health committee will be given by Mrs. D. R. McIvor. This will be followed by discussion. Mrs. Mary Lewis, factories inspector, will give an address. Mrs. Hurck, of Strome, will give report for District No. 3.

Tuesday evening Mayor Adams, of Calgary, will give his address of welcome, and greetings will be extended by the Calgary council of women and the local institute. Miss Noble will also give her presidential address at this session. The features of the evening will be an address by Herbert Greenfield, Premier.

On Wednesday morning, the reports of the director of publicity, the director of the extension work of the Department of Agriculture, the report of the agricultural committees, the report of the immigration committee, and the report of district No. 4 will be heard. There will also be a discussion on the provincial and of the women's institutes.

Wednesday afternoon the nomination of officers will take place. Mrs. Morley will present the report on the provincial and national organizations. Dr. McIvor of Western Canada College, Calgary, is to give an address on the early history of the Calgary district. The reports of the committee on legislation and the committee on household economies will also be heard at this session. Miss Jennie Robison, provincial inspector of the respected children's department, of Calgary, is to give an address. Resolutions will also be taken up.

Thursday morning a session will be held in the Allan Palace Theatre, where an address will be given by Dr. C. B. Johnston, of Calgary, and also by J. F. Price, manager of the theatre, who will talk on motion picture censorship.

Friday morning the session of the Girls' Clubs will be held when the report of the secretary, Miss Olive Wilson, will be heard. Miss Hunter of the C.G.I.T., Calgary, will deliver an address of welcome to the girls. The president's address is to be given by Miss Minnie Page, Elmore. Reports of branch clubs will be submitted. In the afternoon further reports will be heard, and Miss Jean Ramsey will give a demonstration lecture on physical culture. Friday evening the convention will enjoy an entertainment provided by the Calgary Women's Institutes.

Saturday morning the Girls' Clubs will have a round table conference and will also hear an address by Mrs. Kerby, Calgary. Saturday afternoon the Girls' Clubs will elect officers and hear an address by Miss Evelyn Storey, Calgary. Resolutions will be heard before final adjournment. During the convention there will be exhibits on health work and other subjects.

**NEW PLANS FOR WEED CONTROL**  
Plans which will put weed control in the province on a new basis, have been announced by the Provincial Department of Agriculture. These plans have been under consideration for some time, and the details have been made public by H. A. Craig, Deputy Minister of Agriculture. J. Stephen, recently appointed crops commissioner for the province, will have charge of the new work. The newly formed plans involved not only appointment of weed inspectors but also contemplate courses of instruction for these inspectors, and a weed survey of the province which will provide a fund of practical knowledge concerning the weeds peculiar to each district, and methods for their eradication, which will prove of immense value to the officials of the department in carrying out their duties.

The first step in the new system has been taken in the past week in the appointment of twenty weed inspectors. As far as possible, these inspectors will be placed in charge of districts in which they are absolute strangers, such a condition tending to a better enforcement of the regulations. It is contended. The inspectors will cover all the unorganized territory in Southern Alberta, and will have charge of from 18 to 27 townships each. These inspectors are now making their places in the field and are preparing for a preliminary survey of their territories. Contrary to former systems, these inspectors will be required to put in all their time at the new work.

One of their chief duties will be the weed survey of the territories assigned to them. This survey will furnish information as to what weeds there are in each district and what weeds each farmer has to contend with. The inspectors will also study systems of eradication especially suitable to the various districts. Each inspector, in co-operation with certain farmers, will conduct experiments on eradication, so that eventually the department will have information as to the best methods as applicable to each district.

The new system contemplates strict enforcement of the weeds act, and the details in charge will insist on the farmers keeping their summer-fallow clean, as well as their road allowances and fence lines. They will be urged to clean cultivation.

will be attended by the southern inspectors and officials of the department, including Hon. Geo. Hoodley, Minister of Agriculture, H. A. Craig, Deputy Minister; W. J. Stephen, Crops Commissioner; Dr. Talbot, Provincial Veterinarian, who will speak on poisonous weeds, and J. C. Hooper, Principal Clarendon Agricultural School, who will speak on noxious weeds. To this convention will be invited the municipal weed inspectors of the entire year.

Another convention is to be arranged for the northern districts at a date and place to be announced. The municipal inspectors of the north will be invited to this meeting.

At these conventions study will be made of identification of weeds, as well as methods of eradication, and the noxious weeds act and regulations.

**DOMESTIC ANIMALS BY-LAW**  
Representatives of nine rural municipalities, conferring in the town of Vermilion last Saturday, reached an agreement on a uniform by-law covering the prohibition of animals running at large and grazing. They were unanimous in recommending that the ban be placed on sheep grazing for the entire year.

This action is an endorsement of the stand taken by the provincial Department of Agriculture in enforcing prohibition of sheep grazing in certain areas. Recommendations were made at the conference covering grazing and running at large of other animals, and at the request of the representatives of the extension work of the Department of Municipal Affairs at Edmonton is now drafting a uniform by-law to be submitted to the various municipalities concerned for their approval.

Recommendations made at the conference briefly were as follows: Prohibition of sheep, goats, and geese, the year round, over the whole municipality. Prohibition of horses from December 1st to December 15th inclusive, over the whole municipality. Prohibition of cattle from December 1st to March 1st in the following year, over the whole municipality.

Prohibition of bulls, stallions and jacks the year round over the whole municipality. That 75 head, including all animals, be the limit of the number any resident farmer should be permitted to have at any time within the municipality during the open period, this to be the ratio per quarter section, the limit to be put at 100 head.

That there be an arrangement between municipalities whereby cattle from one municipality be permitted to graze on unfenced lands of the adjoining municipality, subject to permit to be issued by the adjoining municipality, and such permit to be subject to the prohibitive periods. The conference was attended on behalf of the government by Robt. W. Wilson, of the Department of Municipal Affairs. E. J. Emmeau, member for Alexandra riding, was also present.

**HIGH PRICE FOR BONDS**  
United Irrigation district bonds to the extent of \$450,000 were sold under the auspices of the Provincial Treasury Department on Thursday at Carleton & Earles, Seattle, at a very high price of 103 1/2, which will bring about \$130,000 premium on the bonds. This is one of the most satisfactory bond sales yet made. The issue is to cover construction of the United Irrigation project near Cardston.

There is nothing to prevent properly qualified women from being appointed judges in England and wear the black gowns, wigs and other symbols of judicial dignity, Sir Ernest Pollock has ruled.

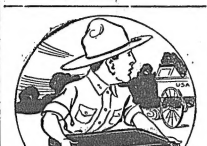

The British government has completed arrangements to pay during the coming fall, interest amounting to \$25,000,000 on the British debt to the United States.

### PROFESSIONAL VIEW

Prisoner—But I would rather tell my own story than you think it would be believed?  
Lawyer—Yes, that's the trouble; I would carry conviction with it.

## Province of Alberta Dept. of Municipal Affairs

Notice is hereby given that unless all arrears of taxes imposed in respect of any parcel of land situated in Improvement Districts No. 344, 374, 403, 432, 433 and 434, are paid on or before the First day of July next, such land will be dealt with under the provisions of the Tax Recovery Act, 1922, with a view to obtaining Certificate of Title in the name of the Crown in the right of the Province of Alberta in respect of such parcel.

J. H. LAMB,  
Deputy Minister of Municipal Affairs.

Edmonton, June 1st, 1922.

## LASTING PEACE World-Wide Soon

"Millions Now Living Will Never Die."

Through the tumult of the ages, while storms of human passion have been sweeping the earth, men of God having faith in His word, have looked forward with joy to the fulfilment of His promise that a time would come when mankind would "Beat their swords into plowshares, and their spears into pruninghooks; nation shall not lift up sword against nation, neither learn war any more."

Thousands of students of prophecy believe that time is in the immediate future; that the present distress upon earth is but the darkness preceding the dawn. For a clear and logical presentation of the Scriptural evidence you are invited to hear:

## MEN OF ACTION WANTED

Sydney, Australia, Bulletin.

"After many varied experiences, the prayer of every coherent citizen of Australia ought to be: 'Let our rulers, if they have some side-line of industry, be men who manufacture things, build things, grow things, even buy and sell and finance things, in short, who do things. Let them not be of the union secretary type, which is a city product with no wide outlook on Australia, and a mean-spirited product, with its frowny office. It is his business to keep books of accounts that have no room to do with the productive, active affairs of life that the leaders of a nation, to take a wholly one-sided view of a thousand small disputes; and to have it corroded into its mind that the producer, the common, inalienable, unparaphrased, 'sensible' of the union secretary sort of person is in a class by himself, like the police court solicitor. He has no future except in politics, for he can't even start on his own account in a small way, as the carpenter and blacksmith can."

## OVERHEAL SURROUNDINGS

Uncle Josh—Here's a letter from our nephew that's gone to Africa, and he writes that within 20 rods of his house there's a family of laughing hyenas."

"Aunt Martha—Well, I'm glad he's got pleasant neighbors, anyway—that's something."

## EXAMINER'S REVIEW OF PROVINCIAL MARKETS

Calgary, June 1.

**Cattle**—Prices at Calgary are firm for the week ending June 1, with a couple of loads topping the market at \$7.50, but choice cattle good to \$7.50; good butchers, \$6.50 to \$7.15; good butchers, \$5.75 to \$6.50; common and medium steers, \$5.50 down; and most of the medium kind going as feeders at \$4 and \$5. While stockers steers bring \$3 to \$4. Choice cows making better prices at \$5 to \$5.50; good, \$4 to \$4.75; medium, \$3.25 to \$4; common, \$2 to \$3; canner, \$2 to \$2.50; choice heifers, \$4 to \$5.50. Not many bulls, but choice heavy at \$3.50, and medium and common, \$1.50 to \$2.50. Calves will make a top of \$8, with common \$3 to \$6. Stocker heifers, \$2.50 to \$3.50. Stock cows, \$1.50 to \$3. Beef—Edmonton's reports market quiet, but prices about steady, with choice steers, \$1.50 to \$7.50; medium, \$5 to \$5.75; common, \$2.50 to \$3; canner, \$1.25 to \$1.75; choice heifers from \$3 down. Not many calves, with choice at \$8, common, \$3 to \$5. Beef bulls will make \$3.50; medium, \$2 to \$2.50; canner, \$1 to \$2. Feeders and Stockers—Not enough good quality feeders coming in; quote close at \$2.50; stockers, \$2.50 to \$3.50. Stocker heifers, \$2.50 to \$3; stock cows, \$2 to \$2.75.

**Hogs**—Calgary receipts moderate, and prices Wednesday made \$12.50 to \$12.75; Thursday's sales at \$12.75 to \$13.25. Edmonton has been getting good run of hogs, and prices advanced to \$13.00; shipments are being made east and west from northern yards. Sheep—Calgary receipts light, but choice lambs still bring \$12; ewes, \$6 to \$8; wethers, \$4 to \$9. Edmonton demand is strong on sheep, with lambs, \$11 to \$13; ewes, \$7.50 to \$9; wethers, \$9 to \$11. Grain—What markets are weakening badly, and after the May contracts had been so readily filled, the market, starting the next few days has been especially bad. This condition is assisted by the "frenzied" crop news from the continent. Alberta conditions are beginning to cause a little anxiety in some parts owing to lack of moisture, though nobody knows much yet. Manitoba and Saskatchewan have good reports.

**Produce**—Butterfat—Calgary prices today dropped to 30c, 27c, 24c and 21c, the latter being for off grade cream; receipts increasing, and butter production costs must be lowered. Creamery Butter—Saskatchewan and Manitoba underselling Alberta butter in Vancouver, and while province far out of line with Montreal, where 24c is paid. Carbons came down today to 35c for No. 1; no carbox price quoted under new cost. Butter—Due for decline, with fancy table 25c to 26c; No. 1, 21c to 22c; No. 2, 19c to 20c; No. 3, 15c to 16c. Eggs—Extras and firsts advanced to 27c to 28c and 25c to 26c. No. 2 reduced to 17c; cracks, 10c; trade grade, 15c to 16c; dressed fowl, 12c to 15c. Potatoes—No reliable quotation; take any price you can get to clear.

**Butterfat**—Prices at Edmonton declined today to 30c, 27c and 24c, on specials, fresh and seconds; receipts very light, about 50 percent down from last year. Creamery Butter—Prices drop today to 34c on prints; carbox probably 31c. Eggs—Prices unchanged; receipts good; all surplus going into storage. Cheese—No change in prices. Poultry—Nothing new; shipments light.

**Hog**—Demand very slow; dealers paying \$15 to \$21, according to shipping point, on upland.

**Hides**—Prices unchanged, but dealers able to make sales on present levels.

## Railway News

St. John, N.B.—During the winter season, just closed the Canadian Pacific Railway shipped 1,500,000 bushels of grain from the elevator here. Last season's shipments accounted for slightly over 5,000,000 bushels.

**First-class passengers** that ever came into a Canadian Atlantic port, at one time arrived here on board the Canadian Pacific steamer "Empress of Canada." The increasing popularity of the Canadian route for American travellers, which includes a three-day trip to the majestic St. Lawrence river, is evidenced by the fact that it was necessary to have a special train to accommodate passengers from the "Empress of Canada," going to New York and other American ports.

**Vancouver**—Last year the Canadian Pacific Railway moved 5,000 cars of fruit and vegetables out of the Okanagan Valley. This year an increase is expected.

**Mr. F. W. Peters**, general superintendent of the C. P. R., returned recently from a week's visit to the valley, during which he met agents of the company and discussed improvements for handling this year's crop.

**New York**—The despatch with which passengers arriving at Quebec last night from the Pacific coast press ships are handled is instanced thus: Soon after the arrival of the "Empress of Canada" on April 30th the 136 passengers destined for New York, got on the ship at 9 o'clock p.m. Passengers reached New York Grand Central station at 10:30 p.m. and were transferred from the carriage in which they set out.

The "Empress of France" arrived in Quebec on May 11th, bearing amongst others, 136 passengers for New York. These passengers left Quebec alongside the ship at 2 a.m., arrived in Montreal at 2:16 p.m., and then left for New York, and arrived at Grand Central Station at 6:45 on the morning of May 12th.

**Tokyo, April 18**—By Mail, "Here's Canada! Look at this! I've been to all these places. Where's my ranch?"

In this characteristic, rapid-fire fashion did His Royal Highness, the Prince of Wales, great Canada as he came to a halt before the 20 foot illuminated map of this country that hangs in the Canadian Pacific Railway exhibit at the Tokyo Peace Exhibition recently opened. "It was on the map of the Pacific coast," he rushed into the Exhibition that was sandwiched in among the numerous events of his official visit to Japan, and the fact that he spent no less than fifteen minutes at this particular exhibit may be taken as very much of a compliment to Canada.

The "E. P. F." in Alberta which the Prince bought during his trip was duly pointed out to him by the staff of the railway company, all associated in the royal mind with excellencies of one kind or another. And then His Highness had to see the railroad lines, steamship routes (Atlantic and Pacific) and all the "resources" of Canada picked out on the map at command of an electrician by means of the 5,500 switchboard lamps installed.

**Kingston**—It is expected that the name of the contractor who will build the overhead bridge for the Canadian Pacific Railway, which will do away with the diamond at a point west of the Grand Trunk station, where the C.P.R. and G.T.R. tracks cross, will be announced soon. The estimated cost of the work will be about \$50,000 and it is expected that the work will be under way in the very near future.

At the present time, the track of the Canadian Pacific Railway comes from the north and runs parallel with the Grand Trunk double track from a point near where the Perth road crosses the Grand Trunk track to a short distance from the diamond, where the C.P.R. and G.T.R. tracks cross, will be announced soon. The C.P.R. engineers who drew up the plans have arranged that when the C.P.R. tracks reach the Perth road the new track will bear north for a short distance and then take a slight incline to the south and then cross the Grand Trunk track at a point where there is a rock cut for a depth of twenty feet. It is the intention of the C.P.R. to build a permanent bridge across this rock cut. The new C.P.R. track after crossing this rock cut will join the old track at a point near Montreal street.

**Mr. H. Meeres** and **W. W. Blair** that we invite Mr. Dr. E. Crumney, of Red Deer, to speak at Concord on the 14th, 15th and 16th.

Moved by H. Meeres and W. W. Blair that we invite Mr. Dr. E. Crumney, of Red Deer, to speak at Concord on the 14th, 15th and 16th.

The President gave a very interesting and helpful talk on promissory notes. The Local adjourned until Saturday, June 3, at 2 p.m.

**N. EASTMAN**, Secretary-Treasurer

## HAS NEVER FELT THE RHEUMATISM

Since Taking "Fruit-a-lives"  
The Famous Fruit Medicine

P.O. Box 123, Panamint, N.S.

"I suffered with Rheumatism for five years, having it so badly at times I was unable to get up."

I tried medicines I saw advertised, and was treated by doctors but the Rheumatism always came back.

In 1916, I saw in an advertisement that "Fruit-a-lives" would stop Rheumatism and look a box, and got relief; then took "Fruit-a-lives" right along for about six months and I have never felt Rheumatism since."

**JOHN E. GUILDS**,  
Box a box, 8 for \$2.00, trial size 25c.

At dealers or sent postpaid by Fruit-a-lives Limited, Ottawa.

## TIMBER FIRE IS CREATING HAVOC AT CLEARWATER

Mills Close Down at Rocky Mountain House for Men to Fight Flames.

Rocky Mountain House, June 2.—Forest fires raging in the Rocky Mountain House district are reaching considerable proportions, and threaten to destroy the valuable timber belt of the Phoenix Lumber Company. Their men are in the field fighting the fire, and the neighboring lumber mill, McKechnie's mill, has been shut down in order that the mill hands may assist in the fight against the encroaching flames.

The contract for the erection of a new school at Rocky Mountain House has been awarded to Dobbs and Crowder, contractors, at the sum of \$13,000, by the terms of the contract the building is to be completed in ninety days and only local labor is to be employed. Several Edmonton contractors had bids in for the contract.

## THE THREE FOODS

For an hour the teacher had dived with painful repetition on the virtues played by carbohydrates, proteins and fats respectively in the building up and maintaining of the human body.

At the end of the lesson the usual test questions were put up, among them:

"Can any girl tell me the three foods required to keep the body in health?"

There was a silence until one maiden held up her hand and replied:

"Yes, teacher. Yer breakfast, yer dinner, and yer supper."

## LESLIEVILLE

May 29, 1922

The picture show given here last Monday evening drew a large crowd, people coming from all over the district. The pictures were clean and clear. Humor, pathos, tragedy, and heroism were all well depicted. The threads of the narratives were easily followed by the audience who were fairly entranced with the skilful handling of "special situations."

We learn with pleasure that the show purpose a return visit at an early date. The supper and concert staged by the W.C.T.U. on Wednesday evening drew a small but enthusiastic crowd. After everyone who came had partaken of a splendid supper, the following concert programme was rendered, every item receiving an encore: Chorus—"The Choir"; recitation—Margaret Cartland; recitation—Helen McInnes; health chorus—"The School children"; guitar solo—Mrs. Cartland; recitation—Margaret McKinnon; piano solo—Mrs. Graham; solo—Mr. T. W. Ensign; recitation—Kathleen Thompson; solo—Margaret Cartland; health song—"The School children"; solo—Mrs. McKinnon; recitation—S. Gormley; piano solo—Mrs. Graham; Mr. McLeod, the student missionary, made a most acceptable chairman. Door receipts \$22.25; sum of cakes \$2.

At a public meeting held last Saturday night in the Community hall, a Board of Trade was formed; President—Mr. A. S. Roddie; Vice-President—Mr. James; Secretary—Treasurer—Mr. C. Thompson. Matters of importance to the district will be gone into by this organization.

The special Sunday School day held yesterday throughout Canada was fittingly observed here, forty-seven people, children and adults, being present. Solos were sung by Mrs. C. Card and Mrs. McCullum. The talk given on the lesson by Mrs. Roddie was much appreciated. A musical quartette was given by the Cartland family, and musical selection by Mrs. Roddie and Mr. Cartland all helped to enhance the proceedings. Steps are being taken to make the Sunday School here attractive. A number of people having come forward to help Mr. Roddie in the work he has carried on so faithfully and efficiently ever since he came into the district.

Heights picnic July 1.  
Mr. McLeod, the student missionary, was the preacher at the usual weekly service held in the Community hall last evening. His sermon on the words "What will ye give me?" was most interesting. Anthems were rendered by the choir, a solo was also given by Mr. Ensign. At the close of the service a most interesting address on the "Post War Work of the Red Cross" was given by Mr. Scott, of Calgary, who organized the existing Red Cross committee here into a regular branch whose territory covers townships 37 to 41, inclusive, and ranges 4 to 10 inclusive, of 540 square miles. President—Mrs. S. Gormley; Secretary—Treasurer—Mrs. A. S. Roddie. Mr. Scott also showed a number of interesting slides on the preservation of health. Mr. McCullum asked to instruct any who so desired in the art of resuscitating the apparently drowned, a very useful work which he has been happy to instruct. Mr. Scott will be back here on June 23 to organize the Junior department.

A BROWNIE  
FOR THE YOUNGSTER

You play golf—he's too young. He plays baseball—you're too old. Photography is one pleasure that you can enjoy together. The No. 8 Brownie, pictured above would be just the thing for him. Expensive? This sturdy little picture-maker that gives a picture—a good picture (100-150 x 2 1/2 inches) is priced at \$2.00. There are other Brownies—some of them fold and are autographic as well—at prices ranging to \$17.50. Autographic Kodaks from \$9.00 up.

## SAVE THE FISH

Visitors to Sylvan Lake over the week end complain of wholesale destruction of fish at the mouth of the creek as they are on their way upstream to spawn. According to reports, the limits set by the law are disregarded, and in some cases the fish are left lying on the ground. With the agitation in progress to stock the lake with fish, it is a shame to see the fish being sacrificed that are there already. This must be somebody's business. We seem to have enough inspectors for most other purposes; surely there is somebody to see that the fish are protected in such an important lake. "Save the Fish" would be a good slogan for residents and campers this season.

### Great Moments in a Great Picture

The last day together

They sat at the table in the restaurant where they had danced together so often, and knew that this afternoon together was their last. There had been gossip of the sort no woman can resist. Small wonder they were distraught. They would have been more so, could they have foreseen the end of the affair which is so prominent a part of
